## YAGNA – YOUTH AWAKENING FOR GLORIOUS NATION

SWAMI VIVEKANANDA GURUKUL OF HUMAN EXCELLENCE

DHANNARAM VILLAGE, VIKARABAD, TELANGANA

### ANNUAL REPORT 2019-20

YAGNA (Youth Awakening for Glorious Nation) is a not-for-profit organization set up and managed by a group of doctors & medical students from Osmania & Gandhi Medical Colleges that works in the areas of holistic health, spiritual education and leadership building. Inspired by the clarion call, vision & ideals given by Swami Vivekananda, the organization has committed itself to work for the cause of nation-building. Its major initiatives include establishment of a Gurukul near Vikarabad for children from socially disadvantaged backgrounds, running Swami Vivekananda Gurukul of Human Excellence, Rural Health Centre and a Natural Farming initiative at Dhannaram Village, Vikarabad.

#### BACKGROUND

Our Journey started with National Youth Day Celebrations 2001. Inspired by the ideals & clarion call of Swami Vivekananda. Osmania Medical Students move forward for Service & Development (OMSD) in 2002. Started Health project at Nandanavanam Slum 2002-04. Another Health camps & other health initiatives by Osmania Medical Students. Fight against corruption, negligence & apathy in Govt hospitals. State level movement against User Charges in Govt hospitals & Privatisation of Medical Education 2004. Formed Patient Help Desk & Destitute Service Programme in Osmania General Hospital 2005-06. Formed a Social service society named *YAGNA - Youth Awakening For Glorious Nation in year 2007 with some Core Philosophy, Core Principles & Core area of work as given below.*

#### CORE PHILOSOPHY/ MANTRA

The soul of our organization is Spirituality. We seek that highest ideal through the worship of God immediately in front, namely the diseased, the ignorant and the poor.

“Rogi Devobhava!” ..... Let the diseased be our God.

“Moorkha Devobhava!” ..... Let the ignorant be our God.

“Daridra Devobhava!” ..... Let the poor be our God.

#### CORE PRINCIPLES

Truth ..... Purity ..... Unselfishness

#### CORE AREAS OF WORK

- Education

-Health

-Leadership Development

**OUR VISION** - A nation where goodness is organized, aggressive & uncompromising, directed towards peace, welfare & holistic development of humanity, led by a network of selfless, spirited, courageous men & women, with absolute conviction in Truth, Purity & Unselfishness, determined to sacrifice their lives for the goal of nation-building & human fulfillment.

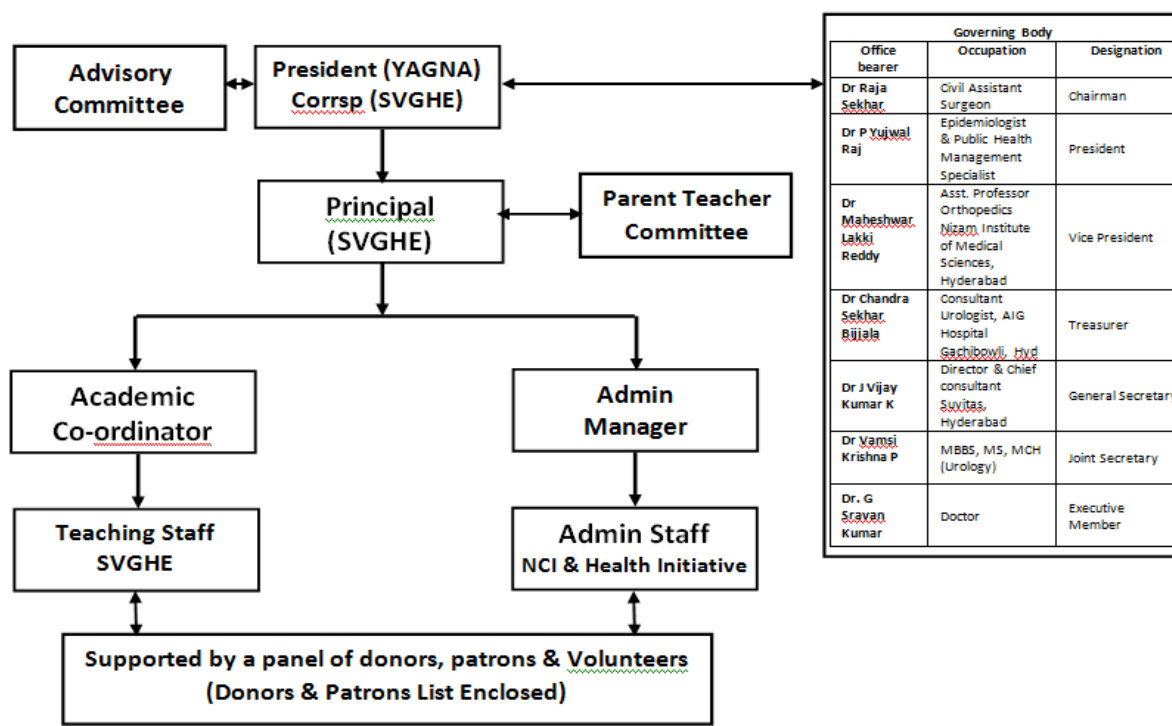

**OUR MISSION**

- (1) To practice & uphold the highest ideals of this land - the Ideals of Oneness & Self-less Service to all Beings.
- (2) Transform Indian national education system into a model that imparts man-making, character-building, life-giving education .
- (3) Evolve an ethical, holistic & sustainable healthcare system in India.
- (4) Awaken & organize the potential of youth and build invincible leadership for nation-building.

(a) Donors visits our Gurukul regularly.

(b) Sanghmithra school, Hyderabad admin & teaching staff visited our Gurukul and appreciated our work, interact with children, say their views.

(c) Rotary Club team visited to our Gurukul

## **I. SWAMI VIVEKANANDA GURUKUL OF HUMAN EXCELLENCE**

Swami Vivekananda Gurukul of Human Excellence (SVGHE) is a semi-residential institution set up by YAGNA at Dhannaram village, Vikarabad (75km from Hyderabad), as an endeavour towards providing man-making, character-building education to children from socially disadvantaged (poor & orphan) backgrounds in rural & tribal areas. Currently, the Gurukul has I to X Std. with teaching in English Medium and an overall strength of 180 students. Free accommodation, food, education, healthcare and personal care is provided to 77 children from socially disadvantaged background who reside in the hostel. Support another 9 Children for higher education.

**(i) Academic Curriculum** - The Gurukul offers a unique curriculum with spiritual education and holistic personality development as the central focus, incorporating the vision of Real Education, enunciated by Swami Vivekananda. Children learn nearly 40 subjects/skills at the Gurukul under the Holistic Education model, focusing on their all-round development. Key components of the Gurukul curriculum are as follows.

- ✓ Spiritual Education
- ✓ Yoga & Meditation
- ✓ Service and nation-building activities
- ✓ Activities to promote spiritual values & ideals
- ✓ Mind Control & Management
- ✓ Language & Communication skills in Telugu, Hindi & English
- ✓ Basic Sanskrit, scriptures & sathaka
- ✓ Abacus & Vedic Maths
- ✓ Practical & Application Oriented Science & Social Studies
- ✓ Computer Skills
- ✓ Drawing & Painting
- ✓ Dance - Classical & Freestyle
- ✓ Music - Instrumental (Tabla & Keyboard) & Vocal
- ✓ Physical Education & Karate
- ✓ Indoor & Outdoor Games & Sports
- ✓ Natural & Organic Farming
- ✓ Literary & performance-oriented skill-building activities

Spiritual education is the core of the Gurukul. Children are exposed to and made to practice spiritual values, morals and values according to their age. Chanting of scriptures, recitation of Bhagavad Gita, yoga, meditation, satsangs, lectures and discussions on issues of spiritual and social importance, study of lives of great personalities, explanation and recitation of sataka (literary couplets on morals and values), daily prayers in the morning and evening, bhajans, etc. are various approaches adopted in the Gurukul to impart and develop conviction in spiritual values among the children.

The Gurukul adopts a specially designed time table with learning sessions, holistic development sessions, study hours & student activity time. Personalized attention & guidance is provided to children through a unique "Mentoring Model" where each teacher is made responsible for 10-15 students. Age-based grouping of children is adopted. Concept-based Learning is implemented through through Practical, Application-oriented, Activity-based methods (Group works, experiments, demonstrations, exercises, practice sessions, educational tours).

The Gurukul has developed and implements an innovative seven-step learning approach - Audio-visuals, Activity-based learning, Concept explanation, Oral

understanding by students, Written work, Practice & Evaluation. Classroom based learning is restricted to only 3 hours every day and in rest of the sessions, learning is imparted through practical, interactive and engaging methods. Last hour of every day is conducted

as students' activity time where each day, a different type of activity - Book review, Bala Sabha, Debate, Quiz, Cultural performances (Vedika), Competition (Pratyogita) - is organised and executed by the students itself. These are aimed at developing planning and organising skills, communication skills and performing skills.

Use of Audio, Video & TV programmes is highly encouraged to create interest on studies among children. Special practice material is developed on all concepts and subjects to improve slow learners as well as to take all students towards excellence in studies through repeated practice of learnt concepts. 'Team Learning' and 'Peer Learning' approaches are employed for improved learning among children. Regular, periodic field trips, exposure visits & study tours are a part of the curriculum. Besides the learning sessions, study hours are conducted every day for the children to bring improvement in their studies. Weekly examinations and competitions are conducted to improve the abilities of the children in a wide range of aspects.

**(ii) Infrastructure Developments-** The Gurukul is having following infrastructure for the school and hostel.

1. 9 Class rooms with benches; 4 equipped with LED monitors
2. Principal room and office

## **II. YAGNA HEALTH INITIATIVE**

YAGNA Health Centre Inaugurated at Dhannaram, Vikarabad, Just opposite side of Gugukul. Providing free doctor consultation with appropriate generic medicines. Every week on Sunday health camps organizing in rural and tribal area villages where medical facilities are very far and out of reach of villagers.

- Policy Focus - Health Systems Strengthening
- Primary Focus - Holistic Health
- Disease Prevention
- Health Promotion
- Counseling (Health, Psychosocial, Nutrition)
- Referral Services
- Health Research
- Child Health & NCD Management
- Village Outreach
- OPD consultations & Telemedicine
- Generic Medicines
- Effective integration with AYUSH

Primary Focus - Holistic Health, Disease Prevention, Health Promotion, Counseling (Health, Psychosocial, Nutrition), Referral Services , Health Research, Child Health & NCD Management, Village Outreach, OPD consultations & Telemedicine, Generic Medicines Effective integration with AYUSH etc

We have conducted School health programme in which our children conduct a survey to nearby Govt. schools for Health & Nutritional Assessment & Awareness for Students in 5th NYDC - National Youth Day celebrations on 8 Jan 2020. We have arranged a followup camps in villages for this social issues and for more detail awareness about health & nutrition.

### **III. YAGNA NATURE CONSERVATION INITIATIVE**

Nature conservation is our major initiative of YAGNA. Time to time YAGNA is creating awareness and knowledge about natural farming to farmers through its campaigns. Our Gurukul children is doing practically in our own farm to grow organic vegetables and plants in Gurukul. Every year we are participating in “Harithaharam” Govt. tree plantation programme and planting tree in our school campus and road side.

**(i) Natural Farm:** Naturally grown fruits and vegetables in our farms are used for Gurukul purpose. 4 acre plus land with 2 cows and 2 bull, tube-well with drip irrigation system, farm pond for rain harvesting system available where fruits and crops growing by natural method without using any chemicals and fertilizers. Training programs for farmers has been conducted time to time about nature based farming by our children to build the capacity of farmers.

**(ii) In House Preparation of Manures:** Gurukul children is very keen in Natural Farming and demonstrating spread awareness to farmers in villages about benefits of natural farming so it could became zero budget & nature friendly, in which we are preparing organic natural manures like “Jeevamrutham, Beejamrutham, Agneystra, Bhrashtra etc by locally available natural material like desi cow urine, dung, different types of leaves, jaggery, dicots etc. Kitchen vegetable wastes are also used to prepare manure. We are completely avoid chemicals, harmful pesticides and help to conserve environment.

**(iii) Water management:** Rain water harvesting system construction is under progress in Gurukul. Eco-friendly toilet tank designed to purify water waste and to re-use for farming purpose. Drip system installed in farm to avoid access usage of ground water.

**(iv) Eco friendly construction:** Gurukul building constructed with eco-friendly material to reduce the usage of less energy and depend upon natural way. Whole campus covered by green trees, garden, water harvesting roofs, Ground water recharge system, smokeless kitchen, compost pits, Eco-friendly toilet tanks, reuse and recycle of waste water.

**(v) No Plastic Campaign:** To reduce the pollution due to plastic, we encourage to use only eco-friendly cloth made carry bags, our children are spread awareness in Vikarabad town during National Youth Day (Swami Vivekananda Birthday) celebrations since 5 years. We are trying to avoid usage of plastic in campus to make plastic free zone, compost pits are made to segregate the plastic waste and dispose it properly  
Natural farming is one of the major initiative of YAGNA. Time to time YAGNA is creating awareness and knowledge about natural farming to farmers through its campaigns. Our Gurukul children is doing practically in our own farm to grow organic vegetables and plants in Gurukul.

**(vi) Plantation:** 1186 fruit tress including Mango, Amla, Water apple, Cashew, Sitaphal, Appleber, Fig, Papaya, Bamboo, Teak, Coconut, Badam, Malbar-neem tress across YAGNA maintained farms available. Grukul campus covered with green trees around periphery boundary

**Major organic crops/farm produce are** - Leafy vegetables, seasonal vegetables, moringa and moringa leaves powder, cotton, redgram, maize, mango, sapota, papaya, guava, pomegranate, lemon etc

## **IV. YAGNA FINANCIALS**

### **(i) Summary Income Expenditure:**
